### ① CASH TICKET OUTLET:

Carly: Currently there is upset that we are discriminating against alternative community those that don't do internet, cc etc.. Big price difference means we need to offer presale option. Propose \$110 tickets at Melbourne, Pretty pine, & moulamein - \$10 going to venue.

Mate: Prefer IGA over pub. Internet is also due to planning - cash sales doesn't do this. want to promote behaviour change.

Seve: supports the idea if its technologically possible.

Frey: it is.

Carol: Takes away education process & detracts what was done beforehand.

Lindy: The IGA closes at 6pm.

Ian: shouldn't be based whether its a pub but hours of operation. library to use internet.

Carly \$50 is a big difference. we have a responsibility as an alternative community to offer an alternative.

Mate: Its very hard to get people transitioned twice - ~~to~~ online just ~~then~~ shift once. Help people at the gate do it online. Possibility of good will gesture if network issues.

Carly: Happy to withdraw motion if feel of the room is against.

⇒ Feel of room was neutral.
