01:41:20 Fulvio Gerardi: if itâ€™s going to be a hive, black and yellow uniforms should be mandatory

01:43:09 Fulvio Gerardi: jeez

01:43:17 Grant and Jude: Yeah its a strange one but I think they're playing off the fact that it's a hexagon. A bit concerning from that photo of the frame though that the centre rafters on each wall are only resting on a top plate, with no stud or lintel.

01:43:18 Fulvio Gerardi: FEB??!??

01:43:37 Fulvio Gerardi: itâ€™s not a hexagon

01:43:43 Fulvio Gerardi: itâ€™s an octagon

01:43:44 Grant and Jude: oh? looked like it. is it an octagon

01:43:45 Grant and Jude: ahh

01:44:02 Grant and Jude: well then bees really dont make sense :)

01:44:18 Fulvio Gerardi: should be populated by octopussies :)

01:44:28 Tania Morsman 1820: Bee's are a term for Volunteers - working Bee's

01:44:43 Grant and Jude: regardless,the rafters were concerning, mostly from an uplift perspective. I hope they'll be strapped to studs, as they should be.

01:44:50 Grant and Jude: FULL studs.

01:45:07 Fulvio Gerardi: did you see the pic?

01:45:17 Grant and Jude: ahhhh. bees, working bees.. ok..

01:45:28 Grant and Jude: yeah the one you posted. didn't look like it met 1684 tbh.

01:45:33 Coral Larke: 10th Jan24th Jan7th Feb21-Feb7-Mar21-Mar28-Mar4-Apr11-Apr

01:45:47 Grant and Jude: coral where do I get the minutes from last meeting?

01:45:48 Tania Morsman 1820: John who is leading the hive - Hub is a fully authorised carpenter from my knowledge

01:46:33 Zoe, Shardae and Taisha: what photo are you referring too?

01:46:45 Grant and Jude: yeah I saw that there were lintels in the windows, its just how the tiedowns are done for the centre rafters thats all

01:57:02 Tania Morsman 1820: i assume water is used for dust supporession
