In anticipation of an upcoming festival some of the 40' container may be required for pallets of foilet paper and other consumable items and Bike Crew might be in road. The end point of it is that it (and a variety of other non-bike crew gear) is still in the shared container which we had been granted access to half by its operators. This represents a security issue, as it means that others will need to access the area we have our gear in, and cannot, which was part of the final grant of it to us, to be secured against non-bike-crew access. Bike Crew may also experience defailed access in the current situation because we do not have a key or find the 40' container open, allowing theff and interference. 03:22:56	Tania Morsman 1820:	can the members overturn the board decision

03:28:08	Tania Morsman 1820:	did the hub have issues with that last year?
03:28:44	Marte 1823:	Same issue with bike crew loaning bikes - we need to verify 24hr vollie status like
		the hub
03:29:07	Darrylle Ryan:	not that i was Aware
03:30:24	Kristen Joy 1645:	wristbands are a great answer to so many challenges at confest, I've yet to hear a
		solid reason why not wristbands, over the decades of confest we've had tickets,
		tokens, pendants even onion bags one year none of it has destroyed the culture of confest
03:31:09	Kristen Joy 1645:	the toxic culture of dte that has weaponised the wristband issue has more potential
00.000	· · · · · · · · · · · · · · · · · · ·	to damage confest than any wristband possibly frigging could
03:39:05	Darrylle Ryan:	tattoo
03:39:10	John Magor 1841:	At what point is it considered fatuous to keep on (and on, and on) about 'The Great
		Wristband Debate'? Honestly (yep -honestly), how much value is this ongoing
		discussion bringing to Confest - as opposed to how much of 'a tingle' does it give
		induvuduals to keep on about it?Or - is there really nothing that people can see of
		more value (proportionally) to spend so much time on.(or as my Father might say - it's beginning to sound like a circle jerk - but I'd stop short of that descriptor).
03:39:11	Fulvio Gerardi:	wristbands don't work if you don't wear them
03:40:28	Kristen Joy 1645:	the topic has been weaponised, we are not in a rational space on it anymore
03:40:35	Fulvio Gerardi:	7,000 people five grand of wristbands for a dozen problem people
03:40:47	Fulvio Gerardi:	the whole thing is bullshit
03:40:48	John Magor 1841:	As a Ranger on duty on that night, we were able to quickly identify that it was more

03:41:44 03:42:03	Rohan: Fulvio Gerardi:	I would like to put my hand up. the problem with this whole topic is that people are trying to use them as a universal
03.42.03	Fulvio Gelalui.	solution to life the universe and everything
03:42:09	Fulvio Gerardi:	and they're NOT
03:42:33	Fulvio Gerardi:	I love them as a souvenir l'm showing them to my mates wife as we speak
even		
03:42:37	John Magor 1841:	I'm not hearing anyone saying that they
03:42:42	Fulvio Gerardi:	but I absolutely refuse to wear them
03:43:34	Marte 1823:	silence
03:43:37	Kristen Joy 1645:	that is not an accurate representation of the positive effects that wristbands have at confest, ignoring the direct experiences of those directly involved in situations in
		which they are relevant and continuing to press an indirect and uninformed opinion
		is a waste of all our frigging time and disrespects the volunteers whose work is
		made more doable with the use of wristbands

03:43:54 03:45:22	Marte 1823: John Magor 1841:	silence I'm not hearing anyone saying that they're a "universal solution" to anything, what I am hearing is a whole lot of resistance to something that has been shown to be of benifit. Fulvio, you are not really bringing much that's positive to the subject. Even a negative point can be of benifit - when it's useful.
03:45:51	Darrylle Ryan:	no
03:47:38	Tania Morsman 1820:	yep good one

		defended is not helpful, yes I am very supportive of any efforts to change those

		things about that space but that will need an honest acknowledgement of past
04:44:15	Kristen Joy 1645:	mistakes, you can't fix a problem you refuse to look at as I said before, I do not oppose the budget app, but I am being asked these
0 1. 1 1. 10	Tanoton day 1010.	questions about this space, as villages coord, as the longest serving active female
		dte member, and for sake of my love and committment to confest, the questions
04.44.50	Full de Comandia	will be asked, they need to be asked and they need to be answered honestly
04:44:52 04:45:13	Fulvio Gerardi: Kristen Joy 1645:	look, Arts is like the Market it's a drawcard that pulls people in some people
04:45:24	Fulvio Gerardi:	like it or hate it, it is a big part of why people come to confest and should be
		adequately funded
04:45:32	Tania Morsman 1820:	yes i agree fulvio
04:46:04	Kristen Joy 1645:	I don't dispute the funding, I want to know that the endemic problems in arts are
04:48:58	Nussy & Paul:	being adequately addressed Silent Disco will only be able to talk to the budget tonight
04:49:54	Nussy & Paul:	Thank you
04:50:17	Darrylle Ryan:	yes
04:50:53	Jessica Townsend 1715:	
04:55:51	Kristen Joy 1645:	blaming one person for decades of bad incidents is not fair, and it is not a way to address the problem
04:57:58	Kristen Joy 1645:	we spent approx \$60,000.00 across 40 spaces for last confest
05:01:05	Kristen Joy 1645:	we've appropriated approx 300,000.000 for confest overall, this is a significant
	•	percentage of that total
05:03:25	Kristen Joy 1645:	sorry, there is an extra 0 on that
05:04:55 05:06:24	Tania Morsman 1820: Kristen Joy 1645:	i agree Troy if the amount allocated to villages and other spaces cannot be increased by the
05.00.24	Klistell Joy 1043.	extra amount then I worry that other more grass-roots spaces will miss out because
		this budget was passed
05:06:41	Tania Morsman 1820:	i agree
05:06:41	Marte 1823: hand up	Lagart and Maria Maria
05:07:36 05:07:54	CERES Venue: Marte 1823:	I cant see your hand Marte the screen is full of budget
05:08:19	Kristen Joy 1645:	my brain is fuller of budget
05:08:49	CERES Venue:	Thanks Marte
05:09:41	Darrylle Ryan:	sorry all got to go now
05:09:55	Darrylle Ryan: Fulvio Gerardi:	night
05:10:32 05:14:41	Kristen Joy 1645:	AWESOME idea the only criteria for a space to happen at confest is that they can generate among
00.14.41	Tristeriouy 1040.	themselves the energy to make it happen, they organise their own volunteers the
		way any other space at confest does
05:17:37	Jessica Townsend 1715:	
05:19:48 05:22:00	Marte 1823: Kristen Joy 1645:	for the price of a brand new car sorry, I get the space is popular and I personally am a fan, but I'm responsible to
03.22.00	Kilstell Joy 1043.	speak for ALL the spaces at confest, we've buggered up the sgm process that may
		have allowed us to appropriate more money for confest and it's very likely that
		someone will miss out on their few thousand or hundred dollar budget, the amount
		on it's own is not an issue for me if we have that extra to make sure others don't
05:22:22	Kristen Joy 1645:	miss out sadly, I can't see that we do
05:23:08	Tania Morsman 1820:	i love you Lindy
05:23:15	Tania Morsman 1820:	you are so ace
05:23:48	Tania Morsman 1820:	not because i agree with you but because of your guts
05:26:21 05:26:35	Lindy Hunt: Tania Morsman 1820:	thanks Tania
05:28:08	John Magor 1841:	Pretty good observation Tanya, I agree with you re Lindy's guts.It's (I reckon)
	5	unfortunate that it's so necessary, but grateful nonetheless.
05:28:57	John Magor 1841:	*edit* Tania
05:29:20	Tania Morsman 1820:	Yes John - i have alot of admiration for her
05:29:48 05:31:13	Tania Morsman 1820: Scouse 1619:	for any one who can speak really without attacking another Can we then give your old container to Bike People Marte?
05:31:15	Kristen Joy 1645:	please send all funding applications to applications@dte.coop
05:33:32	Tania Morsman 1820:	lots of work to do - massive job
05:34:17	Kristen Joy 1645:	in the absence of someone else from the oc or cc to handle the funding
		applications I've been uploading them all to the folder I posted the link to before, we understand that these applications at best can only be our best assessment of f
		future prices, but we still need that peice of paper (or pdf) to document our
		decisions
05:34:47	Tania Morsman 1820:	yep i get that Kristen
05:35:10 05:35:21	Marte 1823: Tania Morsman 1820:	Goodnight goonight Marte
