01:14:35		Sorry ducked away for a sec.
01:15:40	Jessica Townsend 1715:	Was intrested to see what was happing due to see whats happing

01:17:12	ShardaeReed:	Is the cc meeting on yet?
01:17:13		Also Sorry my laptop mic has ceased to acknolage it's existance.
01:17:23	ShardaeReed:	Sorry if l'm late, got caught at work
01:20:30 01:21:27		Still the budget meetting shardee
01.21.27	Jessica Townsend 1715.	Just supporting the fact this is a on going issue, things left on site routinly disapear, get damaged if left on site
01:23:07	Marte 1823:	Hello everyone
01:25:10	ShardaeReed:	Thanks for clarifying Jess! We've definitely all been there, but I
01.20.10	Shardaer (eed.	was told multiple times when I was new that I should just budget to
		replace stolen goods each year, no offer of reporting system at all
01:25:11	Marte 1823:	I emailed Bike Crew budget application minutes ago.
01:26:00		Nods let alone insurance
01:26:55		Insurance would be great but i'm not even sure the current security
		would be enough for a insurance company .
01:28:44	ShardaeReed:	Not really. The odds that whatever was stolen is still on site are pretty high
01:29:48	ShardaeReed:	since tools are packed down in a safe place, then they're missing
		without a padlock next set up
01:33:05	Marte 1823:	Who wants the Bike Crew budget application?
01:33:52	Kristen Joy 1645:	please send all funding applications to applications@dte.coop
01:36:29	Marte 1823:	Sent it to applications@dte.coop seconds ago
01:36:58	Kristen Joy 1645:	awesome, thanks Marte
01:37:16	Marte 1823:	Thank you

01:44:37	Matt 1707:	Do we have an agenda item for dealing with the Ops budget
0111101	indu ir or i	application?
01:44:41	Kristen Joy 1645:	that's a good trick Jess, I'd quite like to do that for about 36 hours or so
01:46:20	Kristen Joy 1645:	Hi Matt, all the apps have been uploaded to the folder I posted above,
	-	we'll work through them all probably not neccessary to have an
		agenda item for each
01:46:25	Jessica Townsend 1715:	
01:47:21	AaronShipperlee:	@Matt - Lars has a motion to deal with budgets first
01:47:44	Matt 1707:	Thanks.
01:48:30	Matt 1707:	also, I sent an email to the CC email list if anyone has any questions about the Ops
budget.		
01:48:48	Kristen Joy 1645:	I'd rather see silent disco as it was last year rather than doubling in
		size so we can make sure that other more community based spaces
01:49:56	Kriston lov 1615	don't miss out
01.49.50	Kristen Joy 1645:	budgets come in too late we need to start back in november, that gives us time to hold 2 SGM's to appropriate more funds is neccessary

01:57:13	Jessica Townsend 1715:	I belive that is a common problem Matt and the whole reason early
-		budget applicaiton was set up .
01:57:54		Though the system is working far from smoothly so far.
01:59:14	Tania Morsman 1820:	Ceres can you please turn your video off

		19yEocs_HuJm_UAEVDYdvcBEE6XgnDQhh?usp=sharing Re the discussion about whether or not more villages should be funded -vs- someone saying the focus should be on saving money to buy land,surely Confest exists to hold Confest events (as opposed to buying land)?Does it not then follow, that considered and sensible

02:05:27 02:06:15	Jessica Townsend 1715: Tania Morsman 1820:	funds woth which to buy land in the future. I spent ages at the bank yesterdsay trying to sort that out. guy can you please tun off your video

03:55:13	Ellen Brogan 1710:	Aaron a few years ago we shaved off Villages, Activity Spaces. Each applicant gave %10 to my recollection, but that was at the end of the Funding approval meeting AND prior to final approval of all budgets. Troy kept a live tally so we knew the budget spend. Shaving off Operations Budgets is historically problematic. We really need to be separating out Operations from ALL other budgets and these get funds get put aside based on previous funding

03:58:16	Kate Sarah Shapiro @ C	
03:58:25	Kristen Joy 1645:	I'd like us to get as far away from a competitive scenario as possible when we are considering budgets, we have the money, why do we have the money? to put on confest. The key point at which to fix this is to start much earlier
03:58:50	Taisha FireCircle:	Elisa: Last year there was a mix-up between Arts and Hub.Hub was directed and adopted at last minute with a last minute budget for food. I'd imagine this year it's substantially better organised.

06:03:14 06:04:41	CERES: CERES:	muddy said he hasn't spoke to Bree re the aboriginal budget. she apparently said she has spoken to
00.04.41	CERES.	Muddy but Muddy wanted to let everyone know that they haven't talked, she's just messaged him (he hasn't even replied yet) and that their budget is much much bigger than last year and he is
		concerned about it.
06:05:34	CERES:	he says it has gone up hugely and it's not our local elders and to give visitors that much and our own elders competitively much smaller doesn't look nice
06:05:49	CERES:	comparatively
06:06:08	Kristen Joy 1645:	I don't think that muddy is getting any less because they are getting more
06:08:52	Matt 1707:	Security.
06:08:53	CERES:	no but the fact that they are getting that much
06:10:06	Matt 1707:	Security as a last resort. But really, drumming needs to handle this
		internally. Or be responsible for calling us and letting us know they have a problem if they can't.We should never have to be opposed to the drumming village. We should always be on the same side.
06:10:21	Scouse 1619:	I w3as there 2 years ago and could hear them outside the Cottage 24 / 7
06:12:39	Matt 1707:	The incident that Coral and I attended at drumming village last year
		had a disturbing lack of support from the drumming village in reigning in one of their own rogues. Some of that can be laid at the feet of
		Barry's attitude/style. But Drummers need to take responsibility for their own as well.
06:13:11	Kristen Joy 1645:	he is not one of their own, he was a random drummer behaving badly
06:13:12	Matt 1707:	Also, 'tincture' is a herb soaked in alcohol.
06:16:05	Matt 1707:	@Kristen. Then they should have called us and let us know they had a problem. As it was, they stood back and left it to us, didn't call the rogue out, didn't tell him he was doing the wrong thing.I'll grant that Barry had a particular manner which may have also complicated things, but that doesn't absolve the drumming crew entirely.Confest is about responsibility as much as freedom. You can't have one without t the other.
06:18:15	Kristen Joy 1645:	from what I know of the incident the drumming volunteers were asleep
06:18:18	Matt 1707:	Having said all that, drumming is the backdrop of Confest. It doens't feel like a proper Confest if there aren't drums. I just wish they were a bit more responsible.
06:18:26	Jessica Townsend 1715:	Borught them and kept them safe and tightedend when needed.
06:18:31	Marte 1823:	I could charge out the hire of bikes
06:19:09	Kristen Joy 1645:	we cannot hold the drumming village volunteers responsible for the
	f everyone with a drum	
06:19:38	Jessica Townsend 1715:	I know I may be in the maynority , i like 24/7 drumming,, becomes a backdrop the lulls me to sleep, steps keep beat
06:20:31	Matt 1707:	@Kristen. You can when they're drumming in the drumming village surrounded by drummers. And _no one_ was asleep. That was kind of the point.
06:21:49	Matt 1707:	A good drumming circle, which respects the tone of what people want at different times of day, i.e., lulling people to sleep at night, waking people gently, excited in the evening, is an asset to Confest.
06:22:54	Scouse 1619:	The constant deep drone is inescapable anywhere onsite
06:23:11	Matt 1707:	I like to pretend it's the engine of a ship.
06:23:32	Scouse 1619:	It upsets my heart rythm
06:23:50	Matt 1707:	You need a funkier heart.
06:24:11	Jessica Townsend 1715:	whoever is shuffling papers please turn off your mike.
06:24:19	Scouse 1619:	In my camper I feel it through the ground at the Cottage
06:24:24	Kate Sarah Shapiro:	Woorooma is your mic on?
