01:14:04	Kristen Joy 1645:	I take the attendance for this register only from the minutes, each meeting can be verified via the link to the meeting minutes at the top of the column

01:19:22	Kristen Joy 1645:	taking the attendance at a meeting is almost as big a job as the minutes themselves, we've used visual and vocal identification in order to verify the identity of members attending for many years now.
