00:28:36 david cruise: ConFest OptionsFull ConFest:• A full ConFest is an option that needs to be carefully judged before a decision is madeand dates are set. I understand that an approach has been made to Council. We canassume that fairly conservative conditions may be set.• Even with a vaccine available it may be some time before a balance of immunity on sitecould be achieved.• There may be resistance among ConFesters to supplying valid details for contacttracing purposes or to be vaccinated.• A number of traditional activities are unlikely to work well with distancing measures.• Showers and toilets are rudimentary at best and use would be difficult to regulate.Alternatives on DTE property:• Smaller gatherings could be run for sectional interests involved in alternative lifestylescould be run.• Perhaps there are development options on the current site that could be explored.• Perhaps there is the capacity to develop a discrete part of the site for residentialgatherings for smaller groups.Other physical gatherings
00:30:42 david cruise:• Alternative gatherings could be developed, particularly in the vicinity of Melbourne,perhaps in cooperation with communities.Online gatherings:• DTE's online facilities and expertise could be used to host workshops in line withcommunity interests.• Musical events could be developed and online gatherings held.• Zoom conferences could be developed.Lance Nash 10/12/2020.
00:32:49 Elisa Brock: Sorry I was away from my computer for a while until the meeting started. What's the holdup?
00:32:59 Peter Tippett: I have a comment to this one....DTE's online facilities and expertise could be used to host workshops in line withcommunity interests.Who decides what community interests are? The great thing about workshops at Confest (for me) is that you never know what you are going to see on those chalk boards each day.
00:34:38 Peter Tippett: Time - 12 minutes to go.
00:35:02 Lance Nash:the community. i imagine we would as the community for feedback.
00:38:50 Kristen Joy 1645: we've never been in this situation before, most of the grownups, and most of the kids for that matter, totally get that unprecedented measures occur in unprecedented circumstances....
00:40:20 David Cameron: Hi, sorry I'm late

00:40:41 Tania Morsman 1820: Me too <3
00:40:41 Rick Gill: Welcome David Cameron
00:50:38 Darrylle Ryan: would we need a QR code
00:51:15 Peter Tippett: Yeah I have been thinking about QR codes.
00:54:37 Darrylle Ryan: would we also get tested before going up there and would there be someone testing on site
00:56:05 Lindy Hunt: hi everyone Lindy here sorry i am late
00:56:32 Peter Tippett: How many individual spaces workshops/hubs... would one expect at a mini-confest?
00:56:41 Rick Gill: Welcome Lindy
00:57:32 Tania Morsman 1820: PT is depends on the number of people able to be present
00:57:44 Tania Morsman 1820: how many is a mini confedst?
00:58:04 Tania Morsman 1820: HI Lindy darling X
00:58:06 Kristen Joy 1645: I think our best chance is to come up with a few different possible shapes for a confest that can be tweaked to suit the circumstances closer to the date, that's what the council were telling us, they don't know exactly where we'll be in three months, nor do we
00:58:26 Tania Morsman 1820: Yep that sounds good Kristen
00:58:33 Peter Tippett: Tania 300 was suggested.. as a guess I think.
00:58:59 Tania Morsman 1820: ahh ok thanks Peter
00:59:24 Kristen Joy 1645: one bare bones plan, no risky stuff, good spacing for mid risk stuff one 800 - 1000 and another for a few thousand

01:13:06 Peter Tippett: Reduce liability.
01:13:34 Rick Gill: the Byron bay Blue Festival is going ahead I wonder what covert plan is and that's in NSW
01:14:17 Rick Gill: blues festival
01:14:18 Kristen Joy 1645: the gov depts. are doing their best not to predict anything in case it bites them on the arse, they aren't likely to volunteer much more than the official press statements
01:16:06 david cruise: <https://www.nsw.gov.au/covid-19/what-you-can-and-cant-do-under-rules#outdoor-public-gatherings>
01:17:43 Kristen Joy 1645: I'm pretty sure that the possibility of a confest of more than a few thousand max will be pretty much zero, either legally or practically
01:18:11 Kristen Joy 1645: there'll be a range of templates we'll need to smooch together
01:19:02 Rick Gill: <https://www.bluesfest.com.au/covid19-safety-info/>
01:19:17 Rick Gill: look at that web site maybe
01:19:27 Rick Gill: that will give you something to go by
01:23:51 Mark Suzie H: Thanks David C for your input♡
01:24:08 Rick Gill: Bluesfest is in regular communications with Government regarding our Bluesfest COVID-19 Safety Plan and we will keep you updated. We look forward to updating everyone very soon with more information regarding the COVID-19 Safety Plan for a safe Bluesfest experience. From the moment you arrive on-site, up until when you leave, we are committed to achieving the best level practices to ensure your health and comfort. We will have cleaning products in use in all areas, that will be to the highest standard with a cleaning team regularly going about their work to ensure your safety. We will have a local app that will keep you updated on safety measures at the time of the festival.
01:24:29 Lindy Hunt: thanks David
01:24:38 Rick Gill: money has nothing to do with it
01:26:29 Rick Gill: they will have a testing station set up in Byron Bay
01:26:55 Rick Gill: so it covers all the people around the Byron shire ~
01:28:31 Rick Gill: -70 I think ! I thought
01:28:48 Rick Gill: oops that's the vacsie
01:30:30 David Cameron: Byron Bay & surrounds = Lismore, Ballina, Gold Coast has much better health facilities than Moulamein & Deni
01:30:42 Lindy Hunt: that will cost too much money
01:30:46 Trevor & Caryn: Easter working bee? Evening "celebrations"
01:30:51 Tania Morsman 1820: I don't think a couple thousand is ideal either
01:31:30 Rick Gill: yes David Cameron !
01:31:56 Rick Gill: will you go in drag Lance ????
01:32:08 Rick Gill: only kidding
01:33:06 David Cameron: How much are BluesFest tickets ?
01:33:50 Tania Morsman 1820: i think Elisa suggested that at the Forum - that Confest neednt be onsite but in many other areas
01:34:58 Rick Gill: about \$600 for 5 days Blues
01:35:45 David Cameron: SA has sunset bring own meal beach picnics at the Maslin legal nude beach
01:36:13 David Cameron: Can Melb do similar ?

01:38:26 David Cameron: Nariel Creek music festival is off too
01:38:42 Kristen Joy 1645: renaissance is very small, more like Sydney confest port fairy is probably tens of

01:39:42 Peter Tippett: Tania - Confab
01:40:08 Kristen Joy 1645: cancel/notcancel will have a lot to do with money, insurance, capital etc
01:40:21 Kristen Joy 1645: depending on the event
01:41:57 Kristen Joy 1645: My hope is to find creative ways to try and maintain the connection between the community/ies that create and gather at confest
01:42:40 Kristen Joy 1645: not attached to any particular shape other than what is safe and feasible
01:43:41 Peter Tippett: confab/'konfab/INFORMALnounan informal private conversation or discussion."the men clustered together for a quick confab"verbengage in informal private conversation."Peter was confabbing with a curly-haired guy"
