00:18:46 From Elle Meoww 1710 to Everyone:

Description The Open Stage is a fun and inclusive community music and performance space. We encourage people of all abilities to share the stage, in front of a welcoming and supportive audience. We provide a modest PA system so that players of quiet instruments can be included too, alongside louder ones. We also provide quality musical instruments for people to perform on, or try out during the festival. During the day, the Open Stage provides a spacious and beautiful space for all to use for workshops and gatherings. We run a friendly and welcoming Community Kitchen during Confest - all are welcome (especially performers!) to join for meals, to meet our crew, and chat about getting more involved with us. The Open Stage has grown into a community of music lovers and performers - we also host events and community open mic nights in Melbourne throughout the year.

00:18:47 From Rick Gill to Everyone:
